## EXPERIENCE

**(2025)**

**CODE DECORATOR , BHAVNAGAR**

~Web Development Training (Code Decorator Company)  
I successfully completed a comprehensive Web Development course at Code Decorator Company, where I learned the core technologies of front-end development, including HTML, CSS, and JavaScript. The training covered modern design principles, responsive layouts, and interactive functionality. I built real-world projects to strengthen my understanding and improve my problem-solving skills in web development.
